

BE SERIOUS!! NO RESTRAINTS? NO ALARMS? NO CITATIONS? REALLY!!

Presented by:

Diana Waugh, RN, BSN

Join us for a day of interactive learning as we explore the management of the physical restraints for our residents. Use this time to get answers to some of your physical restraint utilization challenges.

A few topics of discussion:

- How do you see your role in behavior management and falls mitigation?
- What does the Behavior/Falls QA Data Show? How have you utilized it?
- What is the role of your falls committee? Behavior management committee?
- When a resident demonstrates a challenging behavior and/or a fall, who is responsible for determining the changes to the care plan, if any are required?

Date: Thursday, January 15, 2009
Time: 8:30 am - 3:30 pm (ET)

Recommended attendees: Team of 2-3. Comprised of a representative from your management team, charge nurse, and a nursing assistant.
